

YOUR FUTURE STARTS HERE

Powered by IEEE

TRY Engineering
Summer Institute

An Immersive Engineering Experience

THIS SUMMER, DEFINE YOUR FUTURE

Whether you plan to become an engineer, or just want to learn something new, check out the IEEE TryEngineering Summer Institute.

- Learn firsthand from notable experts in the field
- Behind-the-scenes tours of innovative engineering environments
- Complete exciting hands-on engineering design challenges
- Form friendships with other future engineers from around the world
- Experience life on a college campus

Give us two weeks, and we'll give you a new definition of what it means to be an engineer.

OUR PROMISE

The health and safety of our students and staff is always our highest priority. Our promise is to create a program that is safe, above all else. After that comes our commitment to creating a fun environment; and we know that in a safe and fun environment that learning will occur in prodigious amounts! Please visit our website for the most updated information on our COVID-19 response.

WHO ARE WE?

We are IEEE, the world's largest professional association for the advancement of technology. Through our highly cited publications, conferences, technology standards, and professional and educational activities, IEEE and our 430,000 members are the force behind innovation.
