Your Future Starts Here

An Immersive Engineering Experience

This Summer, Define Your Future
Whether you plan to become an engineer, or just want to learn something new, check out the IEEE TryEngineering Summer Institute.

- Learn firsthand from notable experts in the field
- Behind-the-scenes tours of innovative engineering environments
- Complete exciting hands-on engineering design challenges
- Form friendships with other future engineers from around the world
- Experience life on a college campus

Our Promise
The health and safety of our students and staff is always our highest priority. Our promise is to create a program that is safe, above all else. We require all students and staff to be fully vaccinated against COVID-19. Please visit our website for the most updated information on our COVID-19 response. We also commit to creating a fun environment, because that’s where learning will occur in prodigious amounts!

Who Are We?
We are IEEE, the world’s largest professional association for the advancement of technology. Through our highly cited publications, conferences, technology standards, and professional and educational activities, IEEE has over 400,000 members that are the force behind innovation.
